What is this type of insurance? This product is a usage-based telematics car insurance policy. You purchase a set amount of policy kilometres at inception (up to 25,000km). A telematics device will be installed to your car which will record data on how your car is being driven. If you exceed your policy kilometres, you can purchase top up kilometres. You will get access to a portal called “rate my drive” so you can log in and check how you are driving.

Are there any restrictions on cover?

We have the right to cancel your policy if:

- you don't co-operate in having a telematics device installed within 14 days or the device has been tampered with.
- you use up the kilometres purchased and continue to drive without buying top up kilometres.
- you drive at 160KPH or over on a public road.

An excess will apply, please see your policy schedule for details.

If you have windscreen damage cover and choose not to use our approved windscreen repairers for the replacement or repair a limit of €225 for any single event applies.

In the event of loss of or damage to your car, which results in a claim under your policy, we do not provide a courtesy car unless you use an approved repairer.

Repair or replacing the car or any part of it is done by using a motor garage and/or a repair service of our choice. If we choose to pay a cash amount for loss or damage to the car, this amount will not exceed the amount our motor garage and/or a repair service states it would cost to repair or replace your car.

You will lose all benefits under this policy if any claim is fraudulent in any way or if you or anyone acting on your behalf has used any type of fraud relating to this or any other insurance policy.

Please refer to your Policy Document for full information.
